

VILLA CECILIA

CORFU

DESCRIPTION & FEATURES

Built on the island's eastern part, among lush vegetation and in a stunning natural environment, villa Cecilia constitutes the ideal choice for luxurious accommodation in Corfu.

Seafront Villa Cecilia is a spacious three bedroom, two-storey residence that can accommodate up to 6 guests.

Privacy is guaranteed by the villa's large private garden and gate leading directly onto the beach. The style of this private villa is exquisite: color washed walls, tiled floors, fully equipped kitchen, elegant decoration, comfortable indoor and outdoor furniture and crisp linen. Perfect for families and friends who want to enjoy their holidays away from the bustling crowds and equally perfect for upscale couples that want to relax under the Mediterranean sun and enjoy fully luxurious services.

Villa [Jasmine](#) serves as a welcome neighbor to Villa Cecilia should guests wish to accommodate larger parties. The two villas are set on 4.000 square meters of private land and are separated by a natural wall of cypress trees.
