

VILLA PHILIP

RHODES

KOS

DESCRIPTION & FEATURES

Kos Island, the third largest island in the Dodecanese, offers a mild climate throughout the year and a wonderful coastline of almost 112 kilometres. Island hopping, kite surfing, scuba diving, hiking, mountain bike, wine tasting and more available on Island.

Spoil yourselves at the largest of all villas which may accommodate up to 6 people. This spacious villa is by far the most comfortable of all three. With an open-plan concept on the ground floor - meaning having the living room, dining area and kitchen as one extended space -, this villa creates a cozy environment where everyone comes together. The upper floor, apart from three bedrooms, also features a capacious veranda with panoramic sea views and a sizeable bathroom.

Tasteful high-end decoration, smart utilities, natural biodegradable materials and custom designed furniture form an aesthetically pleasing environment, introducing you to a new vacationing lifestyle. The outdoor area offers a homey-like backyard including a bar, a ping pong table, an open air movie screen, a barbecue and a safe-and-sound playground.
