

VILLA DINA

NAXOS

DESCRIPTION & FEATURES

Naxos is the biggest and the greenest island among Cycladic with impressively high mountains, fertile valleys, lush green gorges, stunning seascapes and traditional villages. Filled with beautiful old churches, monasteries and Venetian castles that coexist harmoniously with Cycladic cubic houses. Upon entering the port, resting on the islet of Palatia lies the impressive "Portára", a marble gate of a 6th century BC temple of Apollo. According to mythology, the god Dionysus met Ariadni who had been abandoned by Theseus, met there. Chora, the capital of Naxos, whose landmark is an imposing Venetian castle, is an old castle town with stone paved alleys, where you can admire a unique blend of Cycladic and Medieval architecture: mansions with Venetian blazons still decorating their entrances, narrow alleys with arches, catholic churches and fortifications. Naxos used to be the base of the Ducat of the Aegean.

In the south-west coast of Naxos, at Pyrgaki, just 100 meters away from the sea, a complex of independent holiday villas have been laid, ready to welcome you to a comfortable and pleasant stay. The resort is set at the end of a private lane, laid between the beach and the country road that connects Pyrgaki to Chora. All villas offer a panoramic view of the Aegean Sea. Each villa, ranging from 110 to 220 square meters, offers a two-storey maisonette and a guesthouse at an independent level, harmonically combining the simplicity of the Aegean architecture with modern construction and a contemporary perception of spacious and functional areas.

Built in 3 levels, inside a secured land with a guardhouse at the front gate entrance, offering a

private landscaped garden with pool and BBQ. The unique high-standard construction quality, the luxurious interior & exterior decoration with pergolas along with the furnished terraces, the privacy and the quietness of the whole area, provide the best conditions for moments of relaxation. The neighborhood offers a fully equipped mini-market, a recently refurbished café-restaurant, traditional taverna with exceptionally tasty Greek food and a luxury boutique hotel with all modern amenities.
